# Black AND White AND READ ALL OVER?

Childhood's singsong conundrum contains a crystal grain of truth. For the answer, you remember, is "a newspaper."

There may have been a time when this was only half true—when the advertising pages of a newspaper were glanced at hastliy, if at all, But times have changed.

Modern readers realize that current advertising is as newsworthy. as Page One. Announcements of new foods, fashions, furniture are as interesting to the average family as stories of elections, sports,

Quite saide from their up-to-the-minute news, advertisements are a convenience. They keep you informed. They tell you where you may get what you want, and how much you need to pay.

For ALL THE NEWS road the advertisements.

the week-ends. He likes to spend them at home in the bosom of his family. So, when a prolonged busi-ness trip found him at loose ends

in a strange town that Sunday

morning, his cup of sorrowand dis-

content was overflowing-until he suddenly thought of Long Distance and the new Low Sunday Rates.

"It will be almost as good as being with them" thought Jim as he briskly stepped to the telephone.

On both "Anyone" and "Person-to-Person" calls; Low Night Rates apply after 7 p.m., and ALL DAY SUNDAY.

Lipstick and powder are grand beauty-aids. But they were intinded to assist glowing health—not by re-place it. If she had only known that a poorly balanced diet, over a period of years, can affect how people both

look and feel. For instance, meals low in "bulk" may develop constipation. Continued neglect of this condition causes discomfort, may lead to head aches, loss of appetite, listlesmess. Fortunately, a delicious cereal sup-plies the "bulk" you need for regular habits. ort, may lead to head-

Scientific tests show that the "bulk" in Kellogg's ALL-BRAN is both safe and effective. It absorbs moisture within the body, forms a soft mass, gently

cleanes the system.

Two tablespoonfuls daily are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor. You may serve ALL-BRAN as a cereal,

with milk or cream, or cook into tempting muffins, breads, waffies, etc. Isn't this natural laxative food better than taking pills and drugs?

All-Bran is not a "cure-all"—but it does correct constipation due to insufficient "bulk." Guaranteed by the Kellogg Company. Sold by all gro-cers. Made by Kellogg in London,

Olimy mumbled an answer between bites of fosat;
"That borrible place. I'll always think of it as where you were kept think of it as where you were kept all those days. What if it was the kidnappers again?"
The girl walked her mother to the irout door and larghed her into an answering amile.

WHAT'S

# Black AND White AND READ ALL OVER?

Childhood's singsong conundrum contains a crystal grain of truth. For the answer, you remember, is "a newspaper."

There may have been a time when this was only half true-when the advertising pages of a newspaper were glanced at hastily, if at all. But times have changed.

Modern readers realize that current advertising is as newsworthy as Page One. Announcements of new foods, fashions, furniture are as interesting to the average family as stories of elections, sports,

Quite aside from their up-to-the-minute news, advertisements are a convenience. They keep you informed. They tell you where you may get what you want, and how much you need to pay.

For ALL THE NEWS road the advertise

## LESS ASH MORE HEAT

Resolutions regarding your winter's fuel are now in order.

Thousands of families are glad that last year they resolved to use only Hamoo Coke in their furnaces. They are back again as customers this year because they kept their homes warmer -at less cost.

It's your turn now. Won't you try a ton of the modern fuel—made scienti-fically every day in the great Hamco ovens at Hamilton?

These are some of the advantages you I hese are some of the advantages you can count on (1) Lower cost per ton and per season (2) More comfort in every room (3) Quicker heat in the mornings (4) Less labour because lighter on the shovel and fewer sahes to carry out (5) No dust, soot or ga.

JOHE, WIE OUGHT TO GET RIP OF THIS OLD BRASS BED, I'M ACTUALLY ASHAMED OF IT

DON'T YOU KNOW THAT BRASS BEDS ARE OUT OF DATE ? EVERYTHING NOW IS WOOD

SEEMS ONLY A LITTLE WHILE AGO WHEN WE HAD TO GET RID OF WOOD FOR BRASS

TO GET RID OF THAT IF

BUT WE CAN GET A METAL
BEDSTEAD NOW THAT THEY MAKE
TO LOOK LIKE WOOD
HAME ON TO WHAT WE
GOT. SOON IT WILL BE
STYLISH FOR BRASS
TO LOOK LIKE BRASS WE'D HELD ON TO IT A FEW YEARS LONGER IT WOULD HAVE BEEN BACK IN FASHION

AGAIN

WELL, THAT WAS AN OLD -STYLE

THE FORD V.8 FOR 1937 The Quality Car in the Low-price Field

THE New Ford V-8 for 1937 is the most beauti-ful Ford car ever offered. It is built in only one size - with one standard of roomy con and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance - or the new 60horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter ca
— with lower operating costs.

Improved 85-horsepower V-8 engine — Drive it and watch the speedometer!

When you drive the 1937 Ford powered with the 85-horsepower V-8 engine, you are master of a modern power plant that gives you everything you can possibly demand in speed and acceleration. It is a better engine than ever-with a better cooling system and new smoothness of operation. Yet improved carburetion enables it to deliver its thrilling performance with unusu ally good gasoline mileage.

New 60-horsepower engine - Drive it and watch the fuel gauge!

The new 60-horsepower V-type 8-cylinder engine is almost an exact replica of the "85"-except for size, weight and power. It delivers Y-8 70 miles an hour with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your own needs.

# PIONEERING in 1937

Because the covered wagon has vanished and there is no longer any risk of footsile. Indians shooting down white settlers from anhead, it does not follow that the pioneer spirit of our fore-fathers has disappeared from Canada. Conditions have vasily changed since those early days, but the desire to explore new fields, to open new territories, to improve an other continues to improve, still remains an attribute of Canada's forward-looking leaders in all walks of life.

Tolacco Company is completing the construction of a new building—an addition to its plant in Montreal. This unit — Building "K" — pioneses by making the most liberal use of Glass-Brick of any building in Canada. Is was planned after exhaustive research and study by our architects and engineers, to provide us with the newest and best manufacturing facilities in the sportly

Glass-Brick, heretofore used in Canada only for decorative purpo Glass-Brick, heretofore used in Chanada only for decorative purposes, now fulfils in the function by providing really smill manufacturing floors, where we can make use of the most advanced airconditioning. These floors will be entirely insulated, and so, unaffected by ammers's best or winter's cold. The temperature and humidity will be controlled, and the weaked, conditioned air completely changed every tem nimutes. These features will also achieve an impor-tant advance in the comfort, bealth and well-being of our employees.

"K" is a long stride forward toward the Imperial Tobacco Company goal—
perfection! More sunshine, better conditioned air and immaculate cleanliness will
all enable us to improve still further the already fine quality of Imperial Tobacco

TO The Citizens of Belleville and Vicinity.

> I would like to express my appreciation for the wonderful reception you have given the New Ford V8 for 1937 which is now on display in our Showrooms. While I had anticipated receiving many favorable comments on the New Body lines, and mechanical improvements, I had no indication that this new-car would be endorsed so generally by the hundreds of people who attended the showing Monday and Tuesday.

> To those of you who have not as yet been in, I extend a cordial invitation to come at any time, and check over the specifications, note the many improvements that have been made. Learn how this ear has been designed from start to finish to give you the salest, most economical ride you have ever had.

# WAR - - KIDNAPPING - - POLITICS - - DISASTER

# BUT .... it's the LITTLE THINGS that count ....

New drapes for the guest room, and Junior's first haircut. A new recipe for peach pie and new pans for baking it. A picnic at the beach, and a new hat for the weekly bridge. Every day events? Of course! But they're the things that make life livable! What's a war in Illyria and another Arctic expedition, compared to the thrill of the first glimpse of the family that's moving in next door, and the delivery of a shining new refrigerator? What's a royal wedding, and twelve rooms filled with gifts, when Anne has her fifth birthday tomorrow? They're interesting enough, something to talk about, to wonder at, perhaps, but pretty far away from that most important spot and the people who live there . . . . your own home.

That's where your heart is, and that's where the real thrills lie, in the things that concern you and the people who live around you, next door, in the next block, anywhere in town. There's news about them in every issue of the daily Ontario Intelligencer in "inside page" stories—and in every ad too, for the ads in the Ontario Intelligencer are news! There's news about new clothes for the family, and new food for the table, and new furniture for the home. There's news about new entertainment, and new ways to get to it. There's news about something new on every page, from the latest dispatch on the front page to the new shoes for Anne on the last . . . all written to you and for you, put up in a neat package and delivered at your door-step every day.

## HOME IMPROVEMENT PLAN

A NATION-WIDE CO-OPERATIVE EFFORT

## Improve Canadian Homes

## Employ Canadian Workmen

THE SITUATION TODAY: Every community contains homes that have needed repair or improvement for the last six years. Every community has, skilled workmen who are un-

MEETING THIS SITUATION; The National Empirement Commission, with the Home Improvement Plan, invite each home owner to make repairs, improvements and addition to urban and rural dwellings and bazos, in concerted activities of the Canadian home owners.

It plans to mobilize across Canada a vart co-operative effort of home owners, banks, contractors, supply firms and business and service organizations generally, to restore, improve and brighten the homes of Canada, and at the same time provide legitimate work for the unemployed.

SDIPLIFIED FINANCING, THE KEYNOTE

DON'T LET WINTER STOP YOU There is no need to what for the Spring for the Plan permits a wide range of jobs that can be executed anythms, regardless of weether — thus putting men to work at once. Any reputable contractor, builder or supply house, working in conjunction with your hanker, will gleidly belt your landers, will gleidly belty you

YOUR CO-OPERATION IS VITAL The value of the Home Improvement Plan Res is its wide acceptance—it is what YOU do with it that counts. It is an immediate way of taking most off relief rolls and putting them on pay rolls. You hearty co-operation is looked for. It is a gress opportunity for you, and for Canada.
